EXPERIENCE

Practices:
Omega Pilzno International Transport
Godawski & Godawski Sp.ZOO
(Young specialist
for WMS) 0.3.2025-0.5.2025

During my internship, I enhanced my organizational skills and gained experience working with internal systems. I developed a forklift activity monitoring application using PHP, HTML, CSS, JavaScript, and jQuery. In my free time, I focused on learning C# and .NET, building personal projects to strengthen my backend development skills.
